

CS400 CASHIER EXIT STATION

The CashEASE Cashier Station is the intelligent POS module of the EASE Management Software. Customers see an easy-to-read fee display while employees find its advanced technology maximizes efficiency and productivity. With standard processing features such as gate interface, software for Ticket In/Cash Out and multiple rate structures, the CashEASE Cashier Station will improve your system's access and accuracy.

Options:

- **Bar code ticket reading**
- **Credit card software**
- **Debit card operation**
- **Carbonless dual receipt and journal paper**
- **Twin cash drawer**
- **Dual fee indicators**
- **In-house custom programming software**
